## 2018 Edition – 72 Teams

*There are stories that tell children to make them fall asleep, those that Vasco Rossi dreams of being able to live in one of his famous song and those that, like the "Ravenna Top Cup 2018", find fulfillment in reality.*

*The international youth tournament, staged in the beautiful regional capital of the province from 7 to 11 September, has in fact given the many children of the 72 teams registered, from all over the world, moments of absolute magic. A ticket for a special journey to unknown shores at the ends of the wonder, which will remain in the minds of the protagonists as a lasting memory.*

*And it is no coincidence that in the 5 days of the tournament has never rained. Only sun, so much sun in the 13 camps of the Municipality of Ravenna that hosted the event, with always perfectly groomed playgrounds.*

*A context that has enhanced even more a kick of quality and freshness, where the agonistic aspect has wonderfully merged with that of integration and mutual knowledge.*

*Not even the time to start the tournament and already the emotions are flapping, with the arrival of the Japanese team coming from the bay of Osaka. The twenty-six Japanese boys accompanied by their staff, were immediately invited by the organizers to the municipal building in Piazza Kennedy for the presentation ceremony, along with some other foreign teams participating in the tournament.*

*These include the Turkish Altinordu team, the Bulgarian Gloriett team, the Russian Rostov team and the Czech Sparta Prague team. In front of the sports councilor Roberto Fagnani, who did not fail to underline the fundamental values of this prestigious tournament, the first true intercultural friendships were born: joyful anticipations of those that would then be held in the next five days, where the sporting part it has gradually entered its highlight.*

*To raise the splendid trophy in Byzantine mosaic was Atalanta, on the Sant'Aniello revelation; but there have been many teams able to shine during these 5 days of the event. Stories of sporting activities that intertwine with others of exciting encounters from the human point of view, those that have matured in the fantastic evening of September 10th, organized at the "Pala De Andrè".*

*But the Ravenna Top Cup will remain a unique journey even for those who have not had the opportunity to be present in person. Because on the official Facebook page of the tournament, everyone had the chance to get on board with us and immerse themselves in the magic of the event, enjoying every single moment of the event: from interviews to the protagonists before and after the match, to the constructive "ramazine" made by some coaches to their children during the interval, to the live commentary windows of the most relevant matches, to the full transmission of the gala evening.*

*Welcome to Ravenna Top Cup 2019.....96 teams, 16 fields, 2000 players, 5 days of matches against the best Italian Teams, tournament for players born in 2007 for professional teams and players born in 2006 for amatorial teams....*

*The number one tournament in Italy for quality and number of participating teams...*
